

HC1

Design : Anne Qvist

**ANDERSEN**  
FURNITURE SINCE 1916

## PURE ELEGANCE

In collaboration with architect and designer Anne Qvist, Andersen Furniture has created an extraordinary, minimalist bar stool. The stool has a wonderful lightness and a soft aesthetic. It is elegant, tastefully executed and suits many different settings.

The stool comes with a wooden frame in either oak/woodcare or black. There is a choice of a padded leather or wooden seat.

HC1 is available in two heights, and you choose to fit it with a ring in either black or brushed steel. The stool can also, uniquely, be hung up on a table. Quite simply, it's practical and elegant.

Height:  
67 cm  
80 cm
