

DRY OG PURE

CHAIRS MADE OF POLYURETHANE (PUR)

DAY-TO-DAY CLEANING:

Wipe the chair with a clean damp cloth. If the chair is dirty, dip a cloth in soapy water, wring it out and wipe the chair.

THOROUGH CLEANING:

When a more thorough cleaning is required we recommend the white sponge from Miraclean. Just dip the sponge in cold water and carefully rub the mark away. The sponge will take away tough marks and ground-in-dirt.

DISINFECTION:

When disinfection is needed we recommend Virkon from Dupont.

HIGHLIGHTS:

- DRY and PURE are made of the soft material pur and it provides an excellent seating comfort and is at the same time easy to clean and to maintain.
- The pur-material contributes to good room acoustics and quietness.
- The soft material "absorbs" the sound and improves the acoustics.
- The silk structure of the pur material offers the user a high level of comfort and can be compared to an upholstered seat.
