

## CLEANING INSTRUCTIONS

# FENIX NTM LAMINATE

(NANOLAMINATE)

### DAILY CLEANING:

Do your daily cleaning of the FENIX Nanolaminate surface with an ordinary cloth or a melamine sponge and hot water if necessary. Use universal cleaning soap.

### GRUNDIGERE RENGÖRING:

Use the Andersen Laminate Cleaner or another degreaser detergent if you need to clean a very dirty surface. You can also use a white melamine sponge to clean and remove any small scratches on the surface.

Together with your purchase of an Andersen Furniture product is delivered with a melamine sponge.

### FENIX HTM HIGHLIGHTS:

- Has a low degree of reflection
- Super matte
- Feels silky smooth to the touch
- Virtually does not accept fingerprints when touched
- Durable
- Is resistant to wear and tear
- Has antibacterial properties as it is closed in the surface.
- Option to remove micro-scratches with a melamine sponge.
