

S3

Design : byKATO

ANDERSEN

FURNITURE SINCE 1916

PURE PERSONALITY

The S3 is a perfect fusion of classic and modern; with elements of the classic writing bureau, with a trace of sideboard, with a hint of cupboard. The S3 offers you an open invitation to combine your creativity with your love of order to design your own personal storage cabinet. This is a piece of furniture that cries out to be the family's focal point. There is room for absolutely everything, from porcelain, tablecloths and crockery to keys, document, catalogues, tablets and game consoles. Choose between a solid oak, solid walnut or black body with laminate fronts in white or a tasteful combination of three pastel beige and grey tones.
